

V200

Windows®. Life without Walls™. Getac recommends Windows 7.

FULLY RUGGED 12.1" CONVERTIBLE

- 1200 NITs QuadraClear™ LED display standard
- Intel® Core™ i7 2.9GHz processor
- Magnesium alloy case
- MIL-STD-810G and IP65 certified
- Notebook-to-tablet convertible display
- Full-size 88-key keyboard
- Optional 4G LTE
- Glove-friendly multi-touch LCD
- Fan-less design
- Industry's-best 5 year bumper-to-bumper warranty

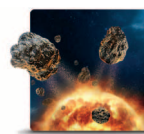

Sunlight Readable Display.

Every V200 features an advanced 1200 NITs QuadraClear™ display. Our QuadraClear solution combines proprietary technologies for both screen brightness and anti-reflectivity to reduce the sunlight's reflectivity, providing an effective contrast ratio more than six times better than other displays.

Full Size Keyboard.

Unlike our competitors products that have small keyboards with small keys, the V200 rugged convertible features a full 88-key waterproof membrane keyboard with standard-sized keys. The V200 lets you type the way you're used to typing.

Large Screen & Better Graphics.

New Intel HD Graphics 4000 delivers amazing graphics performance — ideal for mapping and video applications. Integrated on a single chip and incorporating advanced 3D processing, the advanced GPU propels the V200 graphic scores 402% higher than the previous generation.*

Glove-Friendly Multi-Touch Display.

Our multi-touch display uses a special multi-layered touch sensor that registers pressure allowing you to keep your gloves on. Perfect for Windows® 7, you can perform many different operations from simple touch to multi-touch gestures including rotating, scaling, horizontal sliding, scrolling up/down to click-drag and more.

UltraFast 4G LTE.

With both 4G and WiFi access available, you can be connected 24/7 wherever you are, allowing you to improve productivity. Designed for next generation wireless technology, you connect wirelessly for mission critical information at amazing speeds.

Industry's Best 5-Year Warranty

The V200 is designed from the inside out to survive drops, shocks, spills, vibration and more. We're confident in our quality and that's why the rugged V200 comes standard with the industry's best 5-Year bumper-to-bumper warranty.

Specification subject to change without notice.

As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings.
* Testing conducted by Getac in November 2012. Performance tests are conducted using specific computer systems and reflect the approximate performance of the V100 rugged convertible at the time of testing.

** Requires MIL-STD 461F 90W AC Adapter sold separately

*** Computers configured with a 32-bit operating system can address up to 3GB of system memory. Only computers configured with a 64-bit operating system can address 4 GB or more of system memory. 4GB memory requires a single 4GB memory module.

† For storage, 1GB = 1 billion bytes; actual formatted capacity less.

†† Weight varies by configuration and manufacturing process.
